

YOU CAN

Become an Architect

The **California Architects Board** offers a variety of pathways to become licensed. Your associate degree counts toward the requirements to become an architect.

Your AA/AS degree plus work experience under an architect can qualify you to take the required examinations to become an architect. The most important step you can take toward becoming an architect is to start today!

- Visit the Board's career website to learn more: architect.ca.gov
- Follow the Board on Twitter [@CAArchitectsBd](https://twitter.com/CAArchitectsBd)
- Learn about degree programs by visiting studyarchitecture.com
- Join The American Institute of Architecture Students (aias.org)
- Connect with a local chapter of a professional group, such as The American Institute of Architects (aia.org)
- Ask your professor, counselor, or a local architect for other resources.

Architects design the environment in which we live, learn, work and play, while ensuring the public's health, safety, and welfare. The power of design can inspire, motivate and educate, as well as improve communities, the environment and quality of life for generations. Architecture is a noble calling, a pursuit of passion and an opportunity to change the world. Take the first step today and **be one.**
