Jump Start Program Overview

Cal State Fullerton's School of Nursing offers students the opportunity to take BSN courses while being enrolled in an ADN program at one of our partner Community Colleges!

During summer semesters, we will offer select RN-BSN courses specifically for ADN students wishing to get started on a BSN. Students are allowed to take 1 or 2 courses maximum at a time as long as they understand that they will take a heavier workload and a greater time commitment expected of them if they choose to take 2 courses.

Benefits to participating in Jump Start

- Students are encouraged to apply if they have completed the entire [CSU GE-Breadth Certification](#)® and have met all RN-BSN major pre-requisites
 - For information about the CSU-GE Breadth Certification, students should contact their community college counseling center
- Students who enroll in Summer 2016 Jump Start courses will be given priority for admission into the RN-BSN program as long as they submit a complete application and maintain a Grade Point Average (GPA) of at least 2.75 or higher (on a 4.0 scale).
