

Career Education (CTE)

Fullerton College

Through CTE, students can start their path toward a career in which they are passionate. As applied technical learning is integrated with rigorous academics, students develop the skills needed for success.

Career Education

Core academic skills and the ability to apply those skills to concrete situations in order to function in the workplace and in routine daily activities.

Employability skills (such as critical thinking and responsibility) that are essential in any career area.

Job-specific, technical skills related to a specific career pathway.

Participation in skills-training CTE programs has increased wages and earnings, raised the probability and consistency of employment, and led to work in higher-quality jobs.

CTE programs are developing America's most valuable resource – its people. CTE keeps America working by preparing students for the jobs that exist today, and equipping them with the skills employers will need in the future.

CTE is not only for students who want to go directly into a career, but is also a meaningful and vital opportunity for students who are preparing for college.

High-quality CTE provides learners of all ages with the academic, technical and employability skills necessary to succeed in future careers and become lifelong learners.

CTE prepares learners by introducing them to workplace competencies, and makes academic content accessible by providing it in a hands-on context.

CTE PREPARES STUDENTS FOR

HIGH

- SKILL
- WAGE
- HIGH-DEMAND

CAREERS

Fullerton College offers over 140 CTE certificate programs and over 90 related degrees

ARCHITECTURE & CONSTRUCTION

- Architecture
- Architectural CAD Technology
- Construction Estimating Skills
- Construction Inspection
- Construction Management
- Construction Technology

ART & DIGITAL ARTS

- 3D Animation
- Advertising and Graphic Design
- Children's Book Illustration
- Computer Animation/Multimedia
- Computer Graphics
- Digital Publication
- Entertainment Arts
- Illustration
- Museum Assistant

AUTOMOTIVE TECHNOLOGY

- Automotive Chassis Specialist Skills
- Automotive Emission Control Specialist
- Automotive Engine Performance Specialist Skills
- Automotive Fabrication Specialist
- Automotive Light Repair Specialist Skills
- Automotive Maintenance Specialist Skills
- Automotive Management
- Manual Drive Train Specialist Skills
- Automotive Service Advisor
- Automotive Technology
- Automatic Transmission Specialist

BIOTECHNOLOGY

- Biological Technician
- Biotechnology Biomanufacturing Technician
- Biotechnology Lab Assistant Skills
- Biotechnology Laboratory Technician

BUSINESS

- Accounting
- Business Management
- Business & Technology
- Entrepreneurship
- International Business
 - International Business Skills
 - International Business Management
- Marketing Management
- Paralegal Studies
- Real Estate
 - Real Estate Management
 - Real Estate Sales Skills
- Retail Management

CHILD DEVELOPMENT & EDUCATIONAL STUDIES

- Child Development and Educational Studies
- Early Childhood Education Administration
- Early Childhood Education Teacher
- Infant and Toddler Teacher
- Special Education

COMPUTER INFORMATION SYSTEMS

- Computer Game Programming Skills
- Computer Information Systems
- Computer Technician Analyst
- Computer Technician Apprentice Skills
- Cyber Security
 - Cyber Security Technician
 - Cyber Security Analyst
 - Cyber Security Master
- Networking
- Networking Skills
- Office Applications Apprentice
- Office Applications Technician
- Programming
- Programming Skills
- Web Design
- Web Design Skills

COSMETOLOGY

- Cosmetology
- Cosmetology Instructor

DRONE TECHNOLOGY

- Autonomous Systems
- Autonomous Systems Development
- Unmanned Aerial Systems Piloting

FASHION DESIGN & MERCHANDISING

- Advanced Fashion Design
- Dressmaking-Alterations
- Fashion Design
- Fashion Illustration
- Fashion Journalism
- Fashion Merchandising
- Fashion Skills
- Image Consultant
- Patternmaker
