New School of Architecture & Design

Webinar Notes

Programs:

The screenshot displays the 'OUR DEGREES' section of the New School of Architecture & Design website. It is organized into three main columns: Architecture, Design, and Construction Management. Each column lists undergraduate and graduate programs. The Design column includes a Bachelor of Interior Architecture & Design. The Construction Management column includes a Master of Construction Management, which is marked as 'ONLINE'. An accreditation box at the bottom center lists WASC Senior College and University Commission (WSCUC) and National Architectural Accrediting Board (NAAB). The New School logo is in the top right corner.

New School of Architecture & Design

Webinar Notes

- Rendering examples tend to be left out but is important.
- You can include “passion projects” example: photography, fashion, etc.
- Transfer Guides: <https://newschoolarch.edu/admissions/admissions-process/transfer-student-admissions/transfer-guides/>
- Admissions Office can provide feedback on portfolio

What students say about the program:

- Small
- Family environment
- Diversity (age, race, ethnicity)
- Designing for sustainability and for the community
- Collaborative
- Support for Returning students
- They use Rhino software
- Advice: “focus on doing the best that you can and trust the process....Don’t worry about the grade.”
